PROFESSIONAL SUMMARY

Informatics Bachelor's graduate from Universitas Gunadarma (GPA 3.68/4.00) and certified **Junior Web Programmer** (LSP/BNSP). Possesses strong hands-on expertise in Full Stack Web Development (Frontend & Backend), System Analysis, Relational Database Management (MySQL, Oracle, SQL Server), and IT Network/Technical Support. Proven track record in leading cross-functional software teams as a *Project Manager* while actively contributing to end-to-end development using PHP (Laravel), JavaScript (React.js, Next.js), Go (Golang), and MySQL. Adept at translating stakeholder requirements into scalable, user-centric web applications and delivering reliable technical solutions.

EDUCATION

Universitas Gunadarma — Bekasi, Indonesia **2022 – 2026**
Bachelor of Informatics (S.Kom.) | Fresh Graduate *GPA: 3.68 / 4.00*

- **Relevant Coursework:** Software Project Management (PPPL), Web Programming, Software Engineering, Database Management Systems (DBMS), System Analysis & Design, Computer Networks, and Artificial Intelligence.

PROJECT EXPERIENCE

Public Service & Announcement Information System – Manggarai Selatan Sub-District **October 2025 – December 2025**
Project Manager & Full Stack Web Developer | Community Service Project (PKM) – Software Project Management Course *South Jakarta*

- **Stakeholder Initiation & System Analysis:** Initiated direct consultations with Manggarai Selatan Sub-District officials to gather requirements, analyze administrative workflows, and define system specifications for public service and announcement management.
- **Project Management & Leadership:** Led the project lifecycle from timeline planning and task allocation to weekly progress tracking, and spearheaded the final presentation and live system demonstration before sub-district officials.
- **End-to-End Full Stack Development:** Actively developed responsive frontend interfaces (HTML5, CSS3, JavaScript), engineered backend application logic (PHP), and designed the relational database schema (MySQL).
- **Testing & Quality Assurance:** Conducted comprehensive functional testing and end-to-end debugging across all modules to ensure zero critical defects and seamless deployment in alignment with stakeholder expectations.

BusOnline – Intercity Bus Ticket Aggregator Platform across Java **2024 – 2026**
Full Stack Web Developer | Scientific Research Project (2024–2025) & Undergraduate Thesis Expansion (2025–2026) *Bekasi*

- **Multi-Operator Architecture & Database Design:** Architected a relational MySQL database and aggregator platform workflow accommodating multiple intercity bus operators (AKAP/AKDP) across Java, managing routes, departure schedules, seat availability, and passenger transactions.
- **Customer Booking Features:** Built dynamic route and schedule search modules, interactive seat selection, online ticket reservation workflows, and digital booking confirmation using PHP, Laravel, HTML5, CSS3, and JavaScript.
- **Admin Dashboard & Thesis Enhancement:** Engineered a centralized administrative dashboard for schedule management, payment verification, and transaction reporting, completing the advanced Undergraduate Thesis development phase intensively within one month.

TECHNICAL & INTERPERSONAL SKILLS

Programming & Web Technologies: PHP, JavaScript (ES6+), Go (Golang), HTML5, CSS3, SQL, PL/SQL.
Frameworks & Libraries: Laravel, React.js, Next.js, Bootstrap, Tailwind CSS.
Database & Server Environment: MySQL, Oracle Database, SQL Server, phpMyAdmin, XAMPP, Relational Database Design (ERD & Normalization).
Developer Tools & UI Design: Git, GitHub, Postman (API Testing), Visual Studio Code, Figma, Canva, Google AI Studio.
Core Competencies & Networking: System Analysis, SDLC, UML Modeling, Wireless LAN & TCP/IP Configuration, Debugging & Troubleshooting, IT Support.
Soft Skills: Project Management, Team Leadership, Stakeholder Communication & Presentation, Problem Solving, Adaptability.

CERTIFICATIONS, TECHNICAL TRAINING & ACHIEVEMENTS

- **Junior Web Programmer Competency Certification (Status: Kompetent)** — Professional Certification Institute (LSP) Universitas Gunadarma (June 2026). Certified across 8 national competency units: Data Structures Implementation, User Interface Implementation, Programming Tools Installation, Coding Guidelines & Best Practices, Structured Programming, Pre-Existing Library/Component Utilization, Program Code Documentation, and Debugging.
- **Web & Software Engineering Technical Training (Certificate of Training)** — Universitas Gunadarma: *Basic Web Application Development* (June 2026), *Basic Web Application Design* (September 2025), *Go-Lang for Intermediate* (August 2025), *Go-Lang for Beginner* (August 2024), and *Fundamental Web Programming* (August 2023).
- **Database Management Technical Training (Certificate of Training)** — Universitas Gunadarma: *Oracle for Intermediate* (February 2025), *Oracle for Beginner* (February 2024), and *Fundamental DBMS (MySQL, SQL Server, Oracle)* (February 2023).
- **Networking Workshop, Community Service & Academic Assessment** — Universitas Gunadarma: *Introduction to Wireless LAN Installation & TCP/IP Workshop* (May 2024), *Community Service (PKM) Project Completion – Manggarai Selatan Sub-District* (December 2025), and *Official University Aptitude Test* (July 2026).
